Introduction

This should be a brief introduction or overview to the design concept or background to the proposal.

There are eight Test Projects in this Competition.

The themes of the Test Projects are based on the Finish landscapes: Forests, Lakes, Fields and Archipelago/Islands. The themes were presented on the WorldSkills website four weeks prior to the competition.

There is one theme per day and also some traditional ideas are included like Finish summer-cottages, Finish designers and also elements from the landscapes themselves.

In addition to these instructions here printed in English, all competitors are receiving also a copy of all the Test Projects in their own language.

Description of project and tasks

There are two Test Projects per day and the themes are as following:

Competition day 1: Forests

Competition day 2: Lakes

Competition day 3: Fields

Competition day 4: Archipelago/Islands.

The Test Projects are based on the Floristry Technical Description and WorldSkills Occupational Standards (WSOS).

The Test Projects that are announced on the day 1 are public after the announcement.

There will also be four Surprise Test Projects and the instructions and materials are available 15 minutes before the competition time starts.

Day 1

Theme: Forests

Test Project 1

Plant design

Time

1 Hour 45 Minutes

Choice of Materials

You must use...

Plant/plants

Item/object

You may not ...

... damage the item/object any way

Container/containers

must use the given one

Placement for judging

The completed Test Project...

... will be moved for assessment

... must fit into the given measurements

Max width 80 cm

The completed Test Project will be assessed ...

... with the container

... in another room

The Test Project must be transportable by two persons

must last 10 days minimum

Technique

free

Test Project 2

Surprise box

Day 2

Theme: Lakes

Test Project 3

Bridal design

Time

3 Hours

Choice of Materials

free

You may not ...

... damage the item/object any way

The floral design must match the...

Dress

Placement for judging

The completed Test Project...

... will be moved for assessment

The completed Test Project will be assessed ...

... individually without the item/object

Technique

free

Test Project 4

Surprise Box

Day 3

Theme: Fields

Test Project 5

Bouquet

Time

2 Hours

Choice of Materials

free

Item/ object

You may not ...

... damage the item/object any way

Container/containers

must use the given one

Placement for judging

The completed Test Project...

... will be moved for assessment

The completed Test Project will be assessed ...

... in another room

The Test Project must be transportable by two persons

Technique

Free

Theme: Fields

Test Project 6

Arrangement of cut flowers

Time

1 Hour

30 Minutes

Choice of Materials

free

Item/object

You may not ...

... damage the item/ object any way

Container/ ontainers

must use the given one

Placement for judging

The completed Test Project...

... will not be moved

The completed Test Project will be assessed ...

... on the place it is done

Technique

free

Day 4

Test Project 7

Surprise Box

Test Project 8

Surprise Box
