Introduction inspirational pictures (client wishes)

Test Project include seven tasks. All tasks represent industry standards.

Every task has inspirational pictures made by Independent Test Project Designers. These pictures are made only for WorldSkills Competition, and no one has seen it before.

The purpose of the images is to give inspiration and guideline for finished result. Competitors can do own variations with the wishes but finished result should be identifiable from the picture.

For example.

Haircut: Finished lengths may vary but overall design should have a strong resemblance to the inspiration image.

Hair Color: colour shades must be as close as possible, but placement may vary.

Finished Style: Size on the finished result can be bigger or smaller.

There is more information regarding inspirational pictures in every module.

Independent Test Project Designers are:

- Test A and B: Jason Russell, USA
- Test C, D, E, F, and G: Sharon Blain, Australia
